Good morning Atul,
Can we please get Contact name and number for the Odessa Terminal?
We can pick-up load on Wednesday with ETA of 8:00AM in Odessa.

The load would not be able to deliver until Thursday AM as driver cannot make that turn and will have to layover.

We can load approximately 10,500 plus if it is straight Methanol.
Please let us know if this works for you

Mike, I would like to change the destination to our Anacortes WA facility.
Please confirm.

A pump will be required. A prior wash will not be needed if the prior load is fuel. The end use of this product will be to blend it into boiler fuel.

Thank you. Can you pick up the load by Wednesday?

Address: Grain Terminal Road, Odessa WA (P/U)
9390 S March's Pt Road, Anacortes WA (DROP)
